Experience

May 2021 - Aug 2024
Zoog, Israel – *Senior Front End Developer*

- Joined the front-end development team at its inception, where I designed and implemented a range of animated components. This effort played a key role in securing significant investment and successfully launching the product.
- Enhanced user retention by 30% by revamping the app's interface, leading to a higher level of user satisfaction and repeat usage.
- Optimized the website for mobile devices, resulting in a 10M increase in investment rates and significantly enhancing overall user satisfaction

Jun 2019- Jan 2021
Portcast, Singapore– *Senior Front End Developer*

- Formulated and implemented improvements on cleanup process and performance, minimizing downtime by 10%.
- Diagnose and troubleshoot different websites of the company's critical clients by deploying updated knowledge of the modern technologies and techniques in the industry.
- Proactively liaised with the design team and project manager to ensure efficient and timely delivery of significant projects.

Nov 2015 - Feb 2019
Xenyo, HongKong– *Junior Front End Developer*

- Implemented AWS to allow easy iteration in company cloud infrastructure.
- Worked with PM/IM to keep on track with the project plan, timeline, and billing. On average this saved 4 days of communication per project.
- Led bi-weekly stand-up to ensure team worked effectively, using coaching strategies to increase efficiency by 10%.

Education

Apr 2010- Jun 2015
University of Padua, Italy– *Bachelor in Computer Science, GPA : 3.8/4*
